**FACTORIES AND MACHINERY (BUILDING OPERATIONS AND WORKS OF ENGINEERING**  
**CONSTRUCTION) (SAFETY) REGULATIONS 1986**  
**PART XVI - HAND AND POWER TOOLS**

---

**Regulation 151. Fuel-powered tools.**

(1) All fuel-powered tools shall be stopped while being refueled, serviced, or maintained, and fuel shall be transported, handled, and stored safely.

(2) When fuel-powered tools are used in enclosed spaces, the applicable provisions in respect of concentrations of toxic gases and the use of personal protective equipment, must be followed.
