Are there indications that the task is high risk? (Tick the appropriate boxes)

☐ Task has a history of manual handling incidents (eg company accident book, RIDDOR reports).

☐ Task is known to be hard work or high risk.

☐ Employees doing the work show signs that they are finding it hard work (eg breathing heavily, red-faced, sweating).

☐ Other indications, if so what? \_\_\_\_\_

Insert the colour band and numerical score for each of the risk factors in the boxes below, referring to your assessment, using the tool.
