# MSOSH ANNUAL OSH AWARD

SOCISO estimates in 2014 indicate that about..... Fatal and ..... non-fatal occupational accidents occurred in Malaysia and that ..... Died from work related diseases

The annual economic cost of major occupational accidents alone is estimated at RM.....

\* Source: PERKESO annual report 2014.

The general agreement amongst members and OSH practitioners that further sustained and coordinated action is needed at the national levels to reinforced mechanism for continued improvement of National OSH systems by the relevant authorities.

Increased and more efficient focus on prevention to ensure sustainability Safe workplaces appears to be particular importance

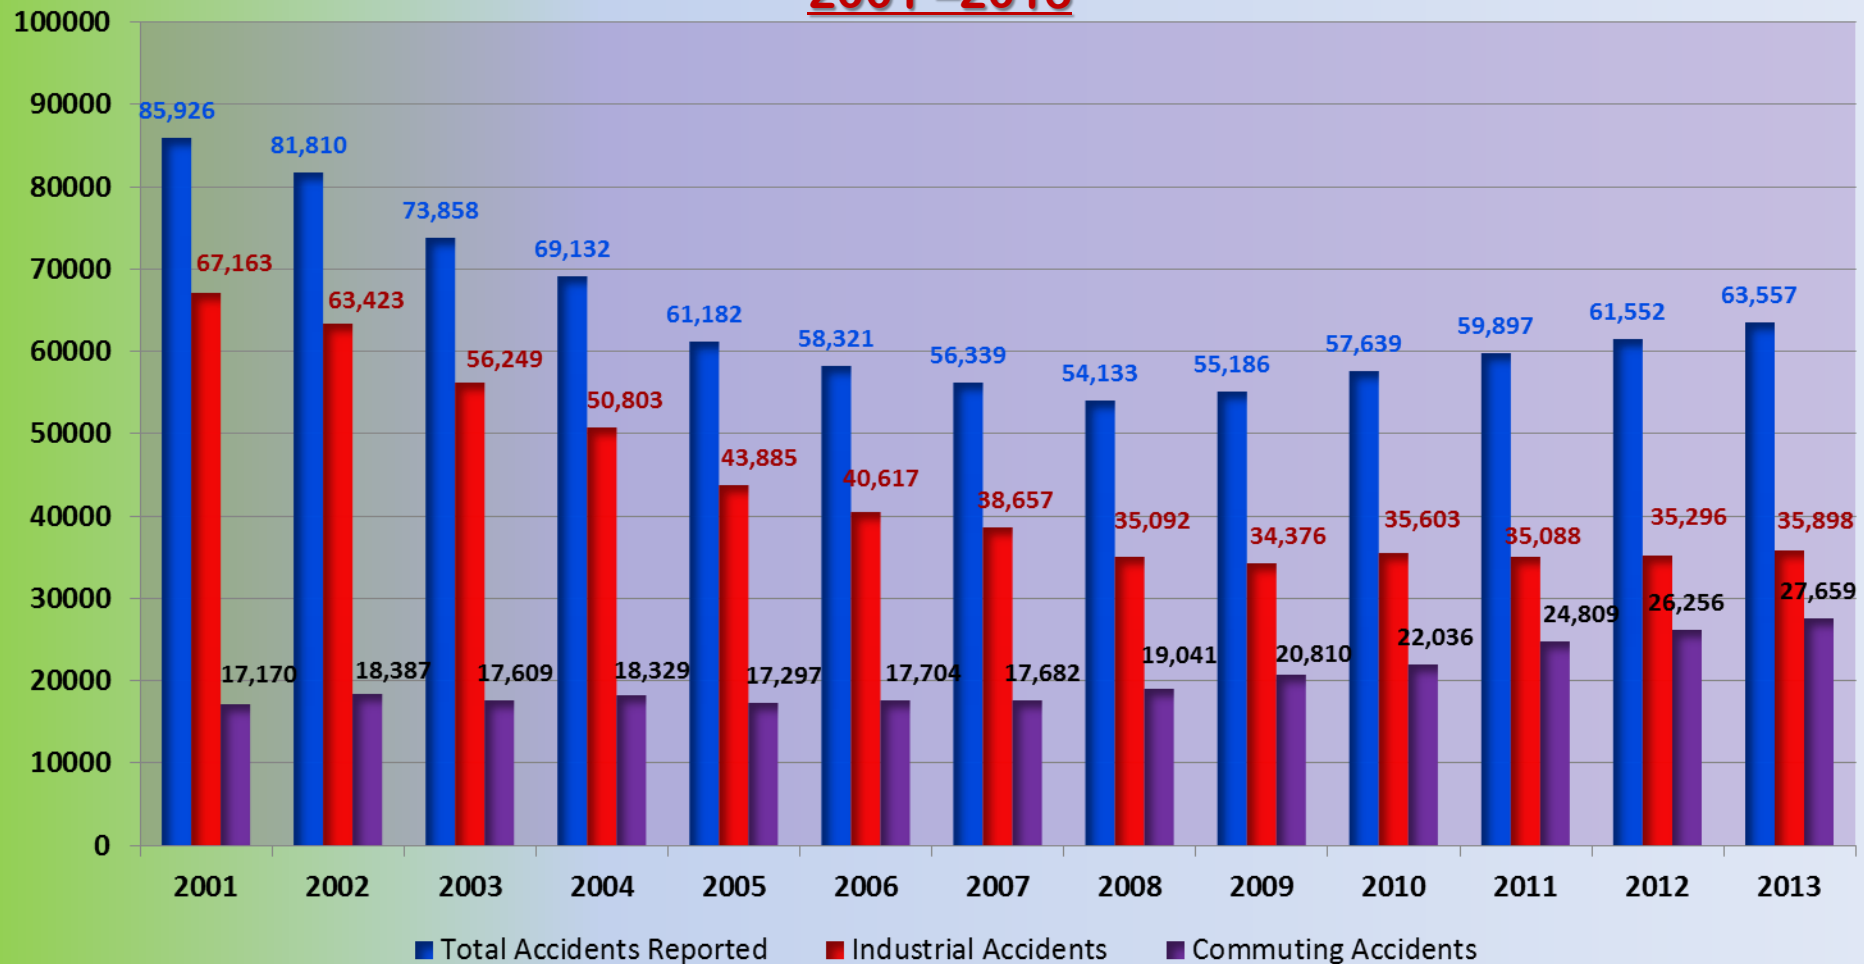

It is thus timely MSOSH to assist organisations in pursuing their efforts to bring their OSH systems in line with international standards
