

# COOPERATION WITH GOVERNMENT AGENCIES AND INDUSTRY PLAYERS

- Safety prevention in the construction industry involves all industry players including government agencies.
- Implementation and enforcement must be
  - Clearly understood by all parties
  - Two way communication
  - Fair and should not be in the interest of one party
  - Sufficient notice and time frame given to the industry before implementation of new regulations or requirements.

# COOPERATION WITH GOVERNMENT AGENCIES AND INDUSTRY PLAYERS

- MBAM has close association and cooperation with many organisations. Among them are;
- JKKP
- CIDB
- SOCSO
- Persatuan Kontraktor Melayu Malaysia
- Persatuan Kontraktor India Malaysia
- Malaysia Off shore Contractor Association (MOCA)
- Institut Jurutera Malaysia (IEM)

# COOPERATION WITH GOVERNMENT AGENCIES AND INDUSTRY PLAYERS

- Persatuan Akitek Malaysia (PAM)
- Pertubuhan Juruukur DiRaja Malaysia (RISM)
- Real Estate Housing Developer Association (REHDA)
- Malaysia Quarries Association
- Persatuan Pembekal Bahan Binaan Malaysia
- Malaysia Mobile Crane Owner Association

# COOPERATION WITH GOVERNMENT AGENCIES AND INDUSTRY PLAYERS

- MBAM sits in various committees in the Government agencies to represent the voice of the industry
  - NCOSH
  - JKKP Safety & Health Master Plan
  - Technical Committee on Safe System of Work and Practices
  - CIDB Construction Best Practices
  - CIDB SHASSIC Review Committee
  - CIDB Training Module Development For Safety Induction (Green Card Review Committee)
  - CIDB Quality, Safety & Environmental Board Committee
  - Jabatan Standard Negara Technical Working Group to review OSH documents

# COOPERATION WITH GOVERNMENT AGENCIES AND INDUSTRY PLAYERS

- MBAM has regular dialogue with fellow industry players. Issues affecting safety and health in the industry will be highlighted and discussed if any.
- MBAM also made visits to State DOSH Directors with state affiliates to discuss local safety and health issues.

## MASTER BUILDER ASSOCIATION MALAYSIA SAFETY AND HEALTHY POLICY

Master Builder Association Malaysia as "THE PRIME MOVER AND RECOGNIZED VOICE OF THE MALAYSIAN CONSTRUCTION INDUSTRY" has a significant role in promoting the highest standard of Safety & Health practices at workplace to its members, their employees and interested parties. This obligation is achieved by undertaking the following:

- ◆ Promote and encourage in providing and maintaining a Safe and Healthy working environment for all in the construction industry
- ◆ Promote Safety & Health through continuous awareness, training and education
- ◆ Promote, encourage and keep abreast on the compliance of the applicable Safety & Health legislations and regulations
- ◆ Promote and encourage a Safe and Healthy workplace at all construction sites
- ◆ Develop competent and trained personnel to maintain and improve the Safety & Health of workplace
- ◆ Promote and establish effective communication and joint consultation on Safety & Health matters with relevant authorities, industry players and members

Master Builder Association Malaysia believes that all incidents and accidents are preventable and that striving to continually improving the Safety & Health is the collective effort of all members of the association and is fundamental to the improvement and success of the construction industry.

  
PRESIDENT

In a blink of an eye we are left with only 3 more months before we reach the New Year. Yet MBAM has not slowed down our pace of organizing multiple events each month. Among the events that we have planned for the year are the MBAM 60th Anniversary Games which will be held in October. Badminton and Futsal will be held on 11th October 2014 and 19th October 2014 respectively. So far we have received overwhelming response from our members with 74 pairs for the Badminton tournament and 17 teams for Futsal. This is indeed a good start for MBAM Games!

I hope MBAM members will continue their support by participating in our upcoming anniversary games, the Darts Tournament which will be held on 1st November 2014. MBAM will also be organizing a series of GST Talk for the upcoming months, on 30th September 2014, 20th October 2014, 25th November 2014, and 1st December 2014 in conjunction with its planned implementation on 1st April next year. The series of seminar is to help our member to get a better idea on how GST will impact them and to prepare them for its implementation. For further information on the events organized by MBAM, please do not hesitate to contact our Secretariat staff at 03 - 7984 8636.

**MBAM OSH SEMINAR IN KUCHING**

Master Builders Association Malaysia (MBAM) Safety and Health Committee and the Sarawak Building & Civil Engineering Contractors Association (SBCECA) jointly organized the Seminar on Occupational Safety and Health (OSH) in Construction Industry 2014. The seminar held at Grand Margherita Hotel, Kuching on 4th September 2014 was officiated by Tuan Y. Hajj Mohd Hatta Bin Zakaria, Director, Department of Occupational Safety and Health (DOSH) Sarawak. This program saw the participation of 65 participants.

SBCECA has been a supportive affiliate of MBAM since 1998. This Seminar, which was supported by the Social Security Organization, Malaysia (SOCSO), saw the presentation of the following papers:

- ◆ **Pekerjaan Keselamatan dan Kesihatan di Industri Binaan** by Tuan Y. Hj Mohd Hatta Bin Zakaria, Director, DOSH Sarawak.
- ◆ **Updates on the latest Programme Available for SOCSO Contributors and the Claims Procedures and Requirements** by Mr John Riba Anak Marin, Director, SOCSO Sarawak.
- ◆ **Sharing of Best Practices** by Major (R) Leong Yee Keong, General Manager, Environmental Safety & Health Department, Surveying Construction Sdn Bhd.
- ◆ **Lessons Learned Based on Recent Accidents** by Enock Madan Ahmad, Head of Construction Safety Unit, Prosciana Sdn Bhd.
- ◆ **Falswork Safety** by Mr Foo Chek Lee, Managing Director, Pembinaan Mitrajaya Sdn Bhd.

**Baiki tahap keselamatan**

Johor catat 26 kematian di tapak pembinaan sejak Januari

**BAIKTA**  
27 projek di 11 lokasi di Johor

BAIKTA (Bina Baik dan Selamat) adalah program keselamatan yang dilaksanakan oleh MBAM dan DOSH Sarawak. Program ini bertujuan untuk meningkatkan keselamatan di tapak pembinaan dengan melaksanakan pemeriksaan keselamatan secara berkala. Sejak Januari 2014, Johor mencatat 26 kematian di tapak pembinaan. Sebagai tindak balas, MBAM dan DOSH Sarawak telah melaksanakan BAIKTA di 11 lokasi di Johor. BAIKTA melibatkan pemeriksaan keselamatan oleh pasukan keselamatan MBAM dan DOSH Sarawak. Pemeriksaan ini bertujuan untuk mengenalpasti dan membetulkan masalah keselamatan di tapak pembinaan. BAIKTA juga bertujuan untuk meningkatkan keselamatan pekerja di tapak pembinaan dengan melaksanakan latihan keselamatan dan penyedaran keselamatan.
