

P.U.(A) 143/97
OCCUPATIONAL SAFETY AND HEALTH (CLASSIFICATION, PACKAGING AND LABELLING
OF HAZARDOUS CHEMICALS) REGULATIONS 1997

Regulation 5. Packaging requirement.

A supplier shall ensure that the hazardous chemicals are supplied in packaging which satisfies the following requirements:

- (a)* if the packaging is a container, the container shall be so designed and constructed that its contents cannot escape unless there is a requirement for safety devices to be fitted into the container;
- (b)* the materials constituting the packaging and the fastenings are not susceptible to adverse attack by the contents therein or liable to form harmful or dangerous compounds with the contents;
- (c)* the packaging and fastenings are strong and solid throughout to ensure that they will not come loose and will safely meet the normal stress and strain of handling; and
- (d)* containers fitted with replaceable fastening devices are so designed that the packaging can be repeatedly fastened without the contents escaping.
